**SAMPLE GENERAL ELECTION BALLOT**

A <b>November 6, 2018</b>	B <b>Oglala Lakota County</b>	C <b>SOUTH DAKOTA</b>
<p>This constitutional amendment lowers campaign contribution amounts to candidates and political parties. It prohibits contributions to candidates or political parties by labor unions and corporations. Candidates and elected officials are prohibited from using campaign contributions for personal use. The amendment expands the scope of activities requiring people to register as lobbyists, and places additional restrictions on lobbyists.</p> <p>The amendment replaces the government accountability board recently created by the Legislature. The new board is granted broad power, including the power to investigate, adopt rules, issue advisory opinions, and conduct audits. It may impose sanctions, including fines, on any elected or appointed official, judge, or State or local government employee. The amendment annually appropriates State funds to be solely administered by the board.</p> <p>The amendment limits the number of votes necessary for approval of any initiative or referendum to a simple majority. It requires the Legislature to make specific factual findings when enacting laws that are not subject to referral. If the Legislature wants to change the initiative or referendum process, or a law passed by initiative, it must submit the change to the voters.</p> <p>This multiple-section amendment makes other additions to the Constitution. It will likely be challenged on constitutional grounds</p> <p><b><u>Legislative Research Council's Prison/Jail Population Cost Estimate Statement</u></b></p> <p>This initiated measure to amend the South Dakota Constitution establishes five misdemeanor penalties and three felony penalties, to be punished as provided by law. If passed, the Legislature would be required to set the class levels for each of the penalties created. However, it is the opinion of the Legislative Research Council that the penalties in this initiated amendment are administrative penalties. The nature of these laws encourages regular compliance with the provisions to which they adhere. Hence, the impact on jail and prison populations is likely negligible.</p> <p><b><u>Fiscal Note</u></b></p> <p>The amendment annually appropriates \$389,000, indexed to inflation, in state funds to a government accountability board. Additionally, the state will have to pay one-time costs if the amendment is challenged on constitutional grounds. Based on previous court cases handled by the state, a median case costs approximately \$78,322.</p> <p><input type="radio"/> <b>Yes</b> Vote "Yes" to adopt the amendment.</p>	<p><input type="radio"/> <b>No</b> Vote "No" to leave the Constitution as it is.</p> <p align="center"><b>Constitutional Amendment X</b></p> <p><b><u>Title:</u></b> An amendment to the South Dakota Constitution increasing the number of votes needed to approve a constitutional amendment.</p> <p><b><u>Attorney General Explanation:</u></b></p> <p>The South Dakota Constitution may only be amended by a vote of the people. Currently, the Constitution provides that a proposed amendment must receive a majority of the votes cast in order to be approved. Constitutional Amendment X changes the Constitution, increasing the number of votes needed to approve an amendment from a majority to 55% of the votes cast on the amendment.</p> <p><input type="radio"/> <b>Yes</b> Vote "Yes" to adopt the amendment.</p> <p><input type="radio"/> <b>No</b> Vote "No" to leave the Constitution as it is.</p> <p align="center"><b>Constitutional Amendment Z</b></p> <p><b><u>Title:</u></b> An amendment to the South Dakota Constitution establishing that a proposed constitutional amendment may embrace only one subject, and requiring proposed amendments to be presented and voted on separately.</p> <p><b><u>Attorney General Explanation:</u></b></p> <p>By law, any proposed amendment to the South Dakota Constitution must first be submitted to and approved by a vote of the people. Constitutional Amendment Z changes the Constitution to add the requirement that a proposed amendment may not embrace more than one subject. In addition, multiple amendments proposed at the same election must be individually presented and voted on separately.</p> <p><input type="radio"/> <b>Yes</b> Vote "Yes" to adopt the amendment.</p> <p><input type="radio"/> <b>No</b> Vote "No" to leave the Constitution as it is.</p>	<p align="center"><b>County</b></p> <p align="center"><b>Initiated Measure 24</b></p> <p><b><u>Title:</u></b> An initiated measure prohibiting contributions to ballot question committees by non-residents, by political committees organized outside South Dakota, and by any entity that is not filed as an entity with the Secretary of State for the four years prior to making a contribution. It requires the Secretary of State to impose a civil penalty on any ballot question committee that accepts a prohibited contribution. The civil penalty is double the amount of the contribution. The measure requires the Secretary of State to investigate alleged contribution violations prohibited by this measure.</p> <p>Currently, there are state laws regulating other kinds of election-related contributions, disclaimers, and disclosures. Violations of these laws are classified as misdemeanors and are subject to criminal penalties. The measure allows a court to impose a civil penalty (up to \$5,000 per violation) in addition to the criminal penalty. Under the measure, the Secretary of State must investigate alleged violations of these particular election-related laws.</p> <p>All civil penalties collected under this measure will be placed in the State general fund.</p> <p>The measure is likely to be challenged on constitutional grounds.</p> <p><b><u>Fiscal Note</u></b></p> <p>The only likely fiscal impact related to this Initiated Measure will be if the measure is challenged on constitutional grounds. Based on previous court cases handled by the state, a median case costs approximately \$78,322.</p> <p><input type="radio"/> <b>Yes</b> Vote "Yes" to adopt the initiated measure.</p> <p><input type="radio"/> <b>No</b> Vote "No" to leave South Dakota law as it is.</p>

**SAMPLE GENERAL ELECTION BALLOT**

<b>A</b> <b>November 6, 2018</b>	<b>B</b> <b>Oglala Lakota County</b>	<b>C</b> <b>SOUTH DAKOTA</b>
		<b>County</b>
<p align="center"><b>Initiated Measure 25</b></p> <p><b>Title:</b> An initiated measure increasing the State tobacco tax and creating a postsecondary technical institute fund for the purposes of lowering student tuition and providing financial support to the State postsecondary technical institutes.</p> <p><b>Attorney General Explanation:</b>  This measure increases the State tax on tobacco products sold in the state. The tax on packs containing 20 cigarettes would increase \$1.00 per pack, and 25-cigarette packs would increase \$1.25 per pack. Tax on other types of tobacco products such as cigars, roll-your-own, and chewing tobacco would change from the current rate (35% of the wholesale price) and be increased to 55% of the wholesale price.  The measure also creates a postsecondary technical institute tuition reduction and workforce training fund that will be administered by the State Board of Technical Education, which oversees the State postsecondary technical institutes. Currently there are four: Lake Area Technical Institute, Mitchell Technical Institute, Southeast Technical Institute, and Western Dakota Technical Institute. The fund's purposes include lowering tuition and providing financial support for these technical institutes. Under current law, the first \$30 million of tobacco tax revenue collected annually is deposited into the State general fund, and the next \$5 million is deposited into the existing tobacco prevention and reduction trust fund. This measure would require the next \$20 million to be deposited into the technical institute fund created by this measure.</p> <p><b>Fiscal Note</b>  Based on previous cigarette tax increases, a 65.4% increase in price should produce a smoking reduction of 16.4%. Based on the previous tobacco tax increase, a 57.1% tax increase is unlikely to affect demand.</p> <p>The resulting revenue increases would be as follows:</p> <p>General Fund: \$4,942,542  Tobacco Trust: \$0  Technical Institutes: \$20,000,000  Total: \$24,942,542</p> <p><input type="radio"/> <b>Yes</b>    Vote "Yes" to adopt the initiated measure.</p> <p><input type="radio"/> <b>No</b>      Vote "No" to leave South Dakota law as it is.</p>
